

THE HISTORY OF ACCOUNTING

1960's & 70's

From the British Invasion and Woodstock to lava lamps and the heyday of shag carpet, the sights and sounds of this period are firmly cemented into the cultural lexicon. The world of Accounting continues to formalize itself through the proliferation of publications and trade organizations, and business computing begins to migrate into the home.

"The Basic Postulates of Accounting" author, Maurice Moonitz

1961

"THE BASIC POSTULATES OF ACCOUNTING" IS PUBLISHED
