

## CIRCULUS IS POWERED BY ORACLE CLOUD AND NOW AVAILABLE IN THE ORACLE CLOUD MARKETPLACE

**Plano, TX, February 26, 2020** : Circulus, a leader in accounts payable automation products for enterprise and mid-market companies and Gold level member of Oracle PartnerNetwork (OPN), has announced the listing of its cloud-based Accounts Payable (AP) product offerings in the [Oracle Cloud Marketplace](#), providing added value to Oracle Cloud customers. As more customers move to the cloud, the demand for applications, platforms, and infrastructure is increasing tremendously. To meet this growing demand, Circulus can continue to use the enterprise-grade services from Oracle Cloud, which is the most integrated cloud that accommodates every layer of the cloud technology stack.

The Oracle Cloud Marketplace is a one-stop shop for Oracle customers seeking trusted business applications and service providers offering unique business solutions, including ones that extend Oracle Cloud Applications. [Oracle Cloud](#) is a Generation 2 enterprise cloud that delivers massive, non-variable performance and next generation security across a comprehensive portfolio of services including SaaS, application development, application hosting, and business analytics. Customers get access to leading compute, storage, data management, integration, security, HPC, artificial intelligence (AI), and Blockchain services to augment and modernize their critical workloads. Oracle Cloud runs Oracle Autonomous Database, the industry's first and only self-driving database.

"With Oracle Cloud Marketplace, Circulus hopes to expand its visibility among Oracle's customers who are looking for trusted cloud-based AP application and service providers," said Diane Gasparro, VP Sales at XTGlobal, Inc. "Inclusion in Oracle Cloud Marketplace gives customers confidence about investing in a partner solution that is supported by Oracle's Cloud Infrastructure," she added.

"The cloud represents a huge opportunity for our partner community," said David Hicks, vice-president, Worldwide ISV Cloud Business Development, Oracle. "Circulus' commitment to innovation with the Oracle Cloud and quality execution to help our mutual customers receive cloud-enabled solutions ready to meet critical business needs."

Powered by Oracle Cloud status recognizes OPN member solutions that have been tested or verified to run on Oracle Cloud Infrastructure. This achievement offers customers confidence that the partner's application is supported by the [Oracle Cloud Infrastructure SLA](#), enabling full access and control over their cloud infrastructure services as well as consistent performance.

The Oracle Cloud Marketplace offers an intuitive user interface to browse and search for available applications and services, as well as user ratings and reviews to help customers determine the best business solutions for their organization. With its new automated application installation features, customers can easily deploy provider business applications from a centralized cloud interface.
